

LOWER PENTHOUSE ONE FEATURES + FINISHES

88 Scott is defined by superior design, engineering and construction.

The building's captivating architecture, by Page & Steele with IBI Group Architects, blends limestone and granite in the five-storey podium base with a contemporary tower rising 58 storeys into the city's skyline. At the top of this soaring tower sits the Penthouse Collection, featuring tasteful interiors uniquely designed for each suite by U31. Every home has dramatic views overlooking the lake and dynamic cityscape.

ENTRY AND FOYER

- 7' solid natural white oak suite double entry doors with architectural, satin chrome hardware and privacy viewer.

HOME AUTOMATION

Your home is powered by Crestron Home Technology, an elegant control and automation system perfectly tailored to your lifestyle. Designed to integrate all the connected devices in your home for easy access, management and personalization of lighting, window treatments, audio and visual capabilities, as well as security.

LIGHTING CONTROL SYSTEM

- Schedule your lights to go on and off automatically each day or control them from anywhere in the world with comprehensive state-of-the-art control technology.
- Easily operate all hard-wired lights in your home (including exterior lighting) using in-wall keypads, the in-wall and wireless touch panels or the intuitive Crestron Pyng app available on iOS and Android.

AUTOMATED WINDOW TREATMENTS

- Enjoy the ease and refinement of automated premium roller blinds.
- Controlled by the touch of a button through your in-wall and wireless Crestron keypads, as well as through the Crestron Pyng app.

MULTI-SOURCE DISTRIBUTED MUSIC AND VIDEO SYSTEMS

- Animate your home with in-ceiling speakers and wall-mounted televisions pre-wired to stream audio and video from a variety of sources.
- Use one of two in-wall touch screens or your own Apple or Android device to control audio from terrestrial, satellite or internet radio, streaming music services and your Sonos system.
- Enjoy video distribution from a central Samsung BluRay Player, Apple TV and or your Rogers Cable box to four pre-wired, large screen Samsung 4K TVs wall-mounted throughout your home:
 - Family room – 55"
 - Master bedroom – 50"
 - Master ensuite – 43"
 - Second bedroom – 43"

SECURITY SYSTEM

- Protect your home and your peace of mind with a comprehensive Napco security system including keypads, sensors and contacts.

THE DETAILS
